

Baytex Energy Announces Granting of Exemptive Relief Regarding Its Normal Course Issuer Bid Program

Calgary, Alberta--(Newsfile Corp. - April 22, 2024) - Baytex Energy Corp. (TSX: BTE) (NYSE: BTE) ("Baytex") today announced it obtained an exemption order from the Canadian securities regulators which permits Baytex to purchase up to 10 percent of the "public float" (within the meaning of the rules of the Toronto Stock Exchange (the "TSX")) of its common shares through the New York Stock Exchange and other U.S.-based trading systems (together with the New York Stock Exchange, "U.S. Markets") as part of Baytex's shareholder return strategy, including the current normal course issuer bid announced on June 23, 2023 (the "Current Bid"). Absent this exemptive relief, Baytex's purchases under a normal course issuer bid on U.S. Markets would be limited to not more than 5 percent of its outstanding common shares over any twelve-month period.

The exemptive relief expires August 1, 2025 and is applicable to the Current Bid and any subsequent normal course issuer bid in effect until such time. It is conditional upon, among other things, purchases being made in compliance with applicable U.S. rules, the TSX rules applicable to normal course issuer bids, National Instrument 23-101 - Trading Rules and at a price not higher than the market price at the time of purchase. The aggregate number of common shares purchased by Baytex over any exchange or market over the relevant 12-month period of a particular normal course issuer bid may not exceed 10 percent of the public float, as specified in Baytex's notice accepted by the TSX in respect of the relevant normal course issuer bid, including the Current Bid.

Baytex Energy Corp.

Baytex Energy Corp. is an energy company with headquarters based in Calgary, Alberta and offices in Houston, Texas.
